CO-FOUNDER LANGUAGE
FRIENDLY SCHOOL

Our school is recognized as a Language Friendly Ambassador School and has committed to welcoming and appreciating the languages, dialects and accents of all our pupils and their parents/caregivers in school.

1. As a Language Friendly School:

We develop a Language Friendly School Plan with our team, our pupils and their parents and/or caregivers that is tailored to our needs and priorities and we evaluate the results of our plan within two years.

2. As a Language Friendly School:

- We do not punish, prohibit or discourage the use of other languages at school by pupils or their parents.
- We do not advise parents to speak another language at home with their children.
- We do not allow exclusion or bullying around languages, dialects or accents.

3. As a Language Friendly Ambassador School:

We serve as a beacon of best practices and innovative strategies in language friendly education.
